

ARCE, the Advanced ReCrecational Equipment Company, is a professional OEM/ODM manufacturer in Fitness and Biking categories with proven record in the last 37 years. We have created many successful stories.

### INNOVATIVE POWER

With 37 years of experience in designing and manufacturing sports equipment and bicycle accessories, we are proud to hold numerous patents and awards that demonstrate our commitment to innovation and excellence.

### MANUFACTURING POWER

Our fully integrated in-house production lines guarantee consistent quality, high efficiency, and stable annual output to meet the demands of our global partners.

### PARTNERSHIP POWER

Backed by decades of experience in OEM and ODM collaborations with renowned international brands, we have earned an outstanding reputation for reliability, exceptional service, and strong customer loyalty.
